

CANCER EXPERIENCE REGISTRYSM

Join a community of people impacted by cancer

The Cancer Experience Registry is an online community created to help those impacted by cancer, share their experiences and learn from others. The Registry is made up of patients, survivors, and caregivers across the world, who are interested in being advocates for the cancer community at large. Findings from the Registry help to inform programs, education, research, and policy at the Cancer Support Community and beyond.

The Cancer Experience Registry is open to anyone impacted by cancer. Patients, survivors, and caregivers are welcomed to join the Registry and share their story.

Why Participate?

- *Share.* Tell others about your experience with cancer by completing our survey.
- *Learn.* Explore free resources developed by the Cancer Support Community to help you better understand your experience, and learn how others responded to the survey.
- *Advocate.* By sharing your voice, you can contribute to a better understanding of the cancer experience, helping to shape future cancer programs.

How Can I Join?

Registration is easy. Follow these steps:

1. Visit www.cancerexperienceregistry.org/join/CSCArizona agree to participate
2. Submit your name and email
3. Confirm your email and complete your profile

What Happens Next?

- **Explore the Registry site.** Get to know the community, review the resources and learn how others have responded.
- **Fill out the survey.** After you begin, you can save and return to the survey at any time.
- **Be a part of the community.** Once you join, you will be provided with updates and exciting ways to continue to be an advocate for the cancer community.

Join us. Take the survey. Make your voice heard.
