## **WE CAN HELP.**

**The Cancer Support Community** and its network of affiliates have offered support, education and hope to people affected by cancer for nearly 30 years. Now, ***Open to Options***<sup>™</sup> supports you as you identify important questions about your cancer treatment options and concerns based upon your personal needs. Available at ***no cost***, this service will help you:

- **Generate a list of questions for your doctor.**
- **Organize your questions to take with you to your appointment.**
- **Communicate clearly with your medical team.**
