Overwhelmed by information?
Don't know what to ask?*

WE CAN HELP.

The Cancer Support Community and its network of affiliates have offered support, education and hope to people affected by cancer for nearly 30 years. Now, ***Open to Options***[™] supports you as you identify important questions about your cancer treatment options and concerns based upon your personal needs. Available at ***no cost***, this service will help you:

- **Generate a list of questions for your doctor.**
- **Organize your questions to take with you to your appointment.**
- **Communicate clearly with your medical team.**
