WHO IS THE CANCER SUPPORT COMMUNITY ARIZONA?

CSCAZ is a 501(c)3 organization whose mission is to ensure that all people impacted by cancer are empowered by knowledge, strengthened by action, and sustained by community. We provide the **gold standard of comprehensive emotional, psychological and social support** to anyone whose life has been impacted by cancer, at no cost to our participants.

Our FREE emotional support programs address the fear, anxiety, depression, disability, pain and limitations, often accompanying a cancer diagnosis, through our educational and social engagement programs, healthy lifestyle and stress management classes and emotional support groups. We serve all cancer patients and their caregivers: any age, any stage, any cancer.
